**Reporting:** Exports directly to camera roll. Can then be emailed, uploaded to a blog, eBackPack or iFiles.

**Ads and Inappropriate Content:** No connection to social networks.

**Author:** Janet Couvillion

### **SUMMARY:**

iMotion HD is an intuitive and powerful time-lapse and stop-motion app for iOS. Time-lapse is a cinematography technique which accelerates movement. It can be used to photograph cloudscares, plants growing, crowds... Stop motion is an animation technique which makes a physically manipulated object look like it's moving on its own.

**ELA:** iMotion can be used to retell stories using Lego, paper etc.

**Math:** iMotion can be used to record how manipulatives are being used to solve a math problem.

### **ADDITIONAL SUPPORT RESOURCES:**
